

How to Pay via MoneyGram

Sleek Academia — Quiz Unlock (Questions 51–100)

Follow these steps to unlock the second half of your quiz (\$10 USD) via MoneyGram to mobile money.

Country	Kenya
Receive method	Mobile Wallet — M-Pesa
Phone number	+254 0724543489
Recipient name	REPLACE_WITH_EXACT_MPESA_REGISTERED_NAME

Recipient name to be confirmed. MoneyGram mobile-wallet payouts are matched by recipient name — do not send until Sleek Academia has confirmed the exact name to use. A mismatch can delay or fail the payout.

Step 1 — Start a transfer

Open the MoneyGram app, or go to moneygram.com, and choose “Send money.” Set the destination country to Kenya.

Step 2 — Choose the receive method

Select “Mobile Wallet” as the receive method, then choose M-Pesa.

Step 3 — Enter the recipient

Enter the phone number and the exact recipient name shown in the box above. A name that does not match can delay or fail the payout.

Step 4 — Pay and confirm

Enter enough so the recipient receives at least \$10.00 USD equivalent. MoneyGram adds its own transfer fee on top of that — the exact total is shown before you confirm. Pay by card or bank account, then confirm the transfer.

Step 5 — Save your reference number

MoneyGram shows an 8-character reference number on your receipt. Save it — you'll need it in the next step.

Step 6 — Submit your claim

Go back to the quiz page (sleekacademia.com/antimicrobial-quiz or sleekacademia.com/renal-cardiac-quiz), open the unlock screen, and click through to “Step 4 — Tell us you paid.” Enter your email and the reference number there.

Alternative: email your reference number and the email address you want your access code sent to, directly to Sleek Academia.

What happens next

Sleek Academia manually checks the payout against the M-Pesa line, then replies by email with an access code — usually within a few hours. Enter that code on the quiz page under “I have an access code” to unlock questions 51–100.

This is a temporary, manual payment process while an automated payment processor is set up. Sleek Academia · sleekacademia.com
